LOCAL BOARD CONVENES IN MONTHLY SESSION—ACCEPTS PLANS FOR SCHOOL.

The June meeting of the Local Board of Improvement was held at 8 o'clock last night, with President Jones in the chair and the following members present: Messrs. Bunting, East, Gale, Ferebee, Humphries, Hancock, Reid and Sterling.

On motion the rules were suspended and Judge B. D. White submitted petitions of property owners and citizens seeking an abatement of inconveniences caused by the constant use of Park, Brambleton and Reservoir avenues by the Norfolk and Southern railroad in shifting its tracks.

On motion the reading of the minutes of the meeting were dispensed with. Chairman Reid, of the Street Committee, reported improvements on Marshall avenue, Bond street, Park and Brambleton avenues under headway. Report received and filed.

Petitions to the Street Committee from residents of Ferguson avenue to construct a bridge from the foot of Wood street across Mahone's Lake to Ferguson, was referred back to the committee to give particulars as to kind of bridge to be constructed.

Mr. Ferebee called attention of the committee to bad places on Lovitt avenue in front of school building No. 1.

Mr. Gale submitted the report of the School Committee for improvements of School No. 1 with two plans—Plan No. 1 gives two different buildings for lavatories, one for boys and one for girls, at \$4,500; Plan No. 2 gives one building in rear of school-room on second story, lavatories on first floor, \$3,900.

The committee was instructed to accept Plan 2 and to advertise for bids for work on Schools Nos. 1 and 2 as soon as plans and specifications are accepted.

The recommendation of the Police Committee that the police be granted ten days furlough was approved.

The secretary was instructed to write to the city engineer requesting him to find out who is responsible for the bad level of the sewer pipe laid on Park avenue, which necessitates its having to be taken up.

The Sewer Committee was authorized to build a house on Charles street for the storage of tools.

Mr. Hancock offered the following, which was adopted:

Whereas, it has been decided by this board to be desirable and expedient that Claiborne, Highland, Reservoir, Lovitt and Willoughby avenues be permanently improved; therefore, be it

Resolved, That the Street Committee be instructed to confer with the city engineer and have plans and specifications, with the estimate of costs prepared, for the permanent improvement of these avenues with stone curbing and asphalt or vitrified brick centers, or a combination of

both belgian block to be used when it may be advantageous to do so.

The Finance Committee was instructed to name these streets to the city attorney, and request him to draw up an ordinance calling for the issue of bonds for \$75,000 for the completion of these improvements, and present the same to the Councils for their approval.

A resolution offered by Mr. Hampshire that Granville avenue for one block, which is to be covered by the Norfolk City Railway Company, to be graded and curbed, and improved with so much granite block as may be necessary, same to be taken from Brambleton and Park avenues, was referred to the Street Committee.

In reference to the petition sent in by Judge B. D. White, in regard to nuisances committed by the Norfolk and Southern Railway, was referred to Street Committee with power to act.

Mr. Ferebee called attention to the Norfolk and Western Railway Company stopping one of its trains for over ten minutes at the crossing at the intersection of Lovitt and Lake avenue on the 25th instant, delaying travel, and asked that something be done to prevent such in future.

The secretary was instructed to write to the company and ask that it prevent such unnecessary delay to travel in future, and police were instructed to look into all future repetitions of the above and report the same to the authorities.

Petition from the residents and property owners on Windsor avenue for its improvement with stone curbing and paved with asphalt or vitrified brick, was on motion, granted, the work to be done when the money is accessible.

South Norfolk, Va., June 23, 1900.

Editor Virginia Pilot:

I should like to protest against the action of the School Board of Washington District on June 21st. The election of teachers for another year, before the expiration of the present term, and without allowing the patrons an opportunity to sanction or object to said election, seems to me, a monopoly of the rights supposed to be accorded to American citizens. Are the people comprising this Board to be considered the custodians of our children, to the extent of monopolizing our rights as parents, and patrons of the school? Should we not be allowed a voice as to who we should have for such a large portion of their time, the training of the minds and hearts of our little ones? Who furnishes a large proportion of the capital to defray the expense of teaching? Is it not these same parents, patrons and people? Then surely they should be allowed a voice in the choice of teachers. And as a patron of the public school, and as a citizen of South Norfolk I earnestly protest against such a monopoly of the rights of American citizenship.

Norfolk at Newport News.

Hampton at Portsmouth.

Norfolk and Hampton played one of the prettiest games yesterday that has ever been seen on the diamond. For thirteen innings the two teams played beautiful and scientific ball. Norfolk held score until the last half of the thirteenth, when Hampton pushed over the winning run. Throughout the game was in doubt, with Norfolk holding up a stronger end on account of the phenomenal work of Matthews in the box. It was indeed one of those "heart disease" games, exciting to the very end.

The game was in fact, a pitchers' battle. Both men did great work, with Matthews in the lead. Too much cannot be said of his great pitching. Again and again he showed his wonderful work of control. In the last half of the ninth, with Hampton at the bat, he struck out the first two men, and then hit right for a single and stole second, but the fourth man fanned the air. Norfolk outplayed her opponents at all points and scored the winning run in one of the last games of the season.

OPENED LAST NIGHT.

Initial Opening of Methodist Carnival a Grand Success.

South Norfolk's Park is Now a Place of Beauty—Mrs. Hall Will be Buried To-day—Officers Elected—Brief Mention.

Last night the grand opening of the Open-Air Carnival, under the auspices of the Chestnut and Liberty Street M. E. Churches, took place at the South Norfolk Park.

The program of exercises began about 9 o'clock, and consisted of vocal and instrumental music and recitations. Some of the best local talent of the city has been secured, and the superb manner in which the people were entertained was an evidence of the ability of the participants to arrest the attention of their hearers with delight.

In the beautiful oak grove, illuminated with many electric lights, was dotted here and there a decorated booth. On approaching these you were greeted with smiles from fair ones, whose delight it is to serve you with their attractive articles of merchandise, which are varied and beautiful. Everything for comfort and pleasure has been prepared. Plenty of rustic seats all through the grove just to suite the demand has been arranged, and tables and lunch counters are in abundance. On the pavilion music, furnished by Prof. Schwink's brass band, can be listened to all the while, so the pleasure seeker is by no means at a loss for pastime. Each evening the exercise will begin with a short but spicy program, to last probably 30 minutes.

Following is the program for this evening's entertainment:

Quartet—From Norfolk.

Singing—Miss Fannie Dashiels.

Recitation—Miss Mary McDonough.

Piano Duo—Misses Virgie Jones and Florence Norton.
